

Notice to Residents Of Buccaneer Bay

Please do not flush trash down your toilets. "Trash" is anything except what passes through the human digestive tract. Specifically, do not flush:

- *Condoms*
- *Tampons and Sanitary Napkins*
- *Diapers*
- *Cosmetic Paraphernalia*
- *Sponges and products for cleaning toilets*
- *Wrappers for candy, cough drops and other medications*
- *Plastic Bags*
- *Latex or Rubber Gloves*
- *Small Animals, whether dead or alive*

Do not flush "disposable" and "biodegradable" products. These products do not decompose before they arrive at the sewage treatment plant.

If you don't stop throwing trash in your toilets, the SID will be forced to increase the sewer use fee and/or raise the general fund tax levy to pay for the damages. The cost of a filter system is over \$250,000.

*Thank you for your cooperation.
The Board of Trustees of SID No. 5*
